

Fee and Payment Policy

In an effort to keep orthodontic fees down while maintaining the highest level of professional care, we have established our policy as follows:

To fit the needs of our patients, a financial arrangement or payment plan can be made for patients with approved credit to extend your payment over a period of months following an appropriate down payment.

Be sure to speak with our office manager if you have any particular questions regarding our fee and payment policy.

Treating each and every one of you like you are family.

Thank you

for calling our office for an exam.

Please feel free to visit our website

Kadavyortho.com to learn more

about our office.

We are also on Facebook under

“Kadavy Orthodontics”.

We look forward to meeting you

and helping you achieve a

beautiful, healthy smile.

Welcome

Welcome to Our Office!

Dr. Kevan Kadavy and his staff would like to welcome you to our orthodontic family and let you know that we are committed to healthy and happy smiles. We strive to treat each of our patients and families by the golden rule in terms of compassion, quality, and value.

Every Smile Starts With A Complimentary Initial Consultation!

Your initial consultation will give you the opportunity to meet our team, learn more about orthodontics, receive a complete initial exam, and find out which treatment options will best meet your needs. During your initial consultation, we will:

- Review your dental and medical history forms
- Complete an oral exam with X-rays and photos to determine whether treatment is necessary
- Create a customized treatment plan based on your diagnosis
- Discuss all financial information, including insurance benefits, and payment options

Our team will be glad to answer any questions you may have, and we will provide all of the information that you need to determine which treatment is right for you. Please contact our practice to schedule your complimentary initial consultation.

When To See An Orthodontist

The American Association of Orthodontists recommends a check-up with an orthodontic specialist no later than age 7. Orthodontists can spot subtle problems with jaw growth and emerging teeth while some baby teeth are still present.

Appointments

Patients are seen by appointment only. Please call in advance so we can reserve a time for you. If you cannot keep an appointment, please give us a 24 hour notice. We make every effort to be on time for our patients and ask that you extend the same courtesy to us.

We Proudly Offer

About Dr. Kadavy

Dr. Kadavy is one of the few orthodontists in the Quad Cities that is board-certified through the American Board of Orthodontics. Not all orthodontists choose to become board certified. A board certified orthodontist is committed to the highest level of patient care including a comprehensive treatment approach to ensure quality results. Dr. Kadavy enjoys treating children, adolescents, and adults. Utilizing modern and cosmetic orthodontic treatment options allows him to provide each patient with the ideal treatment for their clinical and personal needs while delivering the best possible smile. By attending meetings, lectures, seminars as well as participating in local study clubs, Dr. Kadavy stays up-to-date on the latest research and technology in order to ensure his patients are getting the best possible treatment and the smile they have always wanted!
